REQUEST FOR DRAWDOWN BUDGET FOR SMALL FOOTPATH JOBS

We have done a large amount of work in the Todmorden area over the last few years with the support of the Town Council, Highways and other grant givers. However, many of the smaller jobs have been funded by CROWS. We are moving premises (at greater cost) and we will no longer be able to continue this funding arrangement.

We want to ask for an arrangement whereby the Town Council underwrites a maximum amount for small jobs (often reported by the general public).

We will continue to apply for money from Highways and other funders for large jobs and projects.

Our priorities will be paths used by the local community, the Todmorden Centenary Way and any reported issues that involve risk to the user. If a deliberate blockage is reported we will inspect and then will liaise with Calderdale Highways as usual.

The council will be able to monitor expenditure at any time (as an example this is a [link to the Blackshaw sheet](#)).

When we have spent the full allocation or it is the end of the year, we will send an invoice for whatever has been spent. Your choice is that anything not spent is put back into Council funds or carried over to the following year.

For the rest of 2020-21 we would suggest a maximum of £1000.

The work we have done in the last year around Todmorden, tis can be [seen on our blog](#)
