43		29/01/2020	Damage to bridges over the River Calder and Canal at Stoodley Glen		Residents of houses at Stoodley Glen have observed a local farmer cutting and removing quantities of stone from the bridges so he can get his vehicles over the bridge. The stone bridge over the Calder is a 200 year old listed structure and it appears to have been weakened by the grinding of material from it. The parapet of the bridge over the canal has been damaged in such a way that it may fall into the canal if it is knocked again.	Reported to Building Control, Customer First and the Rivers and Canals Trust - 29/1.	<p>Building Control inspected and said that it is in an acceptable condition and not a threat to health and safety. Rivers and Canals Trust are investigating.</p> <p>Further damage was done to the bridges with the 10/2 flooding and a large part of the bridge wall has collapsed. This has been reported to Building Control again. A bridge engineer will be attending to assess - 12/2</p> <p>Assistant Town Clerk contacted Building Control for an update about the bridge and to enquire which unit is responsible for pursuing the illegal removal of stone from the bridges - 18/2</p> <p>Chasing email sent to Rivers and Canals Trust - 20/2</p> <p>Response from Rivers and Canals Trust said they take this sort of thing very seriously and that the Bridge Inspector is monitoring the bridges carefully for any further damage. They will also engage a bridge inspector - 21/2</p> <p>Repairs will be done to the bridge in due course although it will be relatively low priority as it is safe to use (although barriers have been erected at the sides of the bridge so they are protected somewhat - 4/3</p>

73		25/02/2020	Potentially dangerous demolition site		Posthome mill is presently being demolished. I understand from local experienced demolition workers that this mill and its location makes the work particularly hazardous. Do you know if an asbestos survey was done before work commenced? The site is adjacent to housing, the main road and railway. The work is progressing slowly but will soon reach the main road frontage. What risk assessment and supervision has been done by local authorities to ensure the health and safety of local residents	Copied to Cllrs White, Ripley and Greenwood as requested by resident - 25/2 Planning Department and Building Control contacted for update on area - 2/3	Building control visited the site. A planning permission has been put in for the demolition of the rear of the mill. The owner was on site and commented that the main mill building is to remain and converted into offices. The back of the site is fenced off to prevent danger to life. They plan to put in planning permission in in the future for industrial units at the back. It is likely the front of the building will remain. Owner is aware of the need to do a wide consultation if this planning permission is to be put forward - 4/3
