Daisy Wilde  
Upper Valley Forum Team - Todmorden and Ryburn.

Dear Daisy

### **TODMORDEN FLOODING**

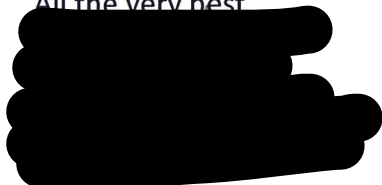

I would like to take this opportunity to pass on my personal thanks for all the hard work that you did whilst managing the recent flood event and assisting the victims of the Todmorden flood.

Todmorden is so fortunate to have such dedicated people like you that freely give so much all the time in order to allow the Flood Hub to swing into gear as it did at a moment's notice.

You did a fantastic job and having been there for much of the time last week I could personally see and appreciated the massive difference that you make to the flood victims lives, our town would be a much poorer place without you.

Once again, thank you so much.

All the very best

Cllr Ken White  
Mayor of Todmorden
