	<p>No pecuniary interests were declared although Cllr L Levick declared a non-pecuniary interest in item 6 of the agenda and said that she would not be involved in any voting on this item.</p>
<p>2021(D)096</p>	<p><u>Item 6.Presentation by Marshall O’Brien About Works at Hollins Mill – For Decision</u> To receive a presentation about the impact of works at Hollins Mill and the deviation of this from approved planning permissions. Also, to receive details of a survey done of the culvert.</p> <p>The chair decided to take this item at this stage of the agenda.</p> <p>Mr O’Brien said that many of the planning conditions imposed on the permission for the old weaving shed had not been fulfilled and work not approved had been done (such as using block building bricks).He said that the property had been delisted despite strong comments by a heritage officer. He said that he is particularly concerned that conditions relating to drainage and surface water had not been adhered to and that this contributed to floods on Rochdale Rd/Winterbutlee Rd. The site where the old weaving shed used to be is now very unsightly and that this impacted on the sale of some of the refurbished apartments at the mill that overlook the site. It was suggested to Mr O’Brien that he report the abandoned car on the site to Environmental Health using the online form on the website of Calderdale MBC.</p> <p>Although a Calderdale engineer has said that the culvert under the site is in reasonable condition, Mr O’Brien said that he is concerned that the work that has been done and the ongoing use of heavy machinery on the site will continue to compromise the culvert. He said that one of the access points to the culvert is on the site nearest to the Post Office and that this triangle of the land is still listed.</p> <p>Mr O’Brien also said that UPVC windows had previously been installed in the listed building on the other side of the site and although planning officers will have visited to survey for the various planning applications nothing had been done to have them removed. He said that even now, Calderdale has the power to enforce this to happen.</p> <p>Mr O’Brien said that he had written to a senior planning officer who replied that there were no compelling reasons to investigate the planning irregularities at the site and did not propose to take the matter any further.</p> <p>The chair explained that Todmorden Town Council does not have decision making powers over planning, this lies with Calderdale MBC. However, TTC can raise the issue with CMBC and express their concerns and disappointment.</p> <p><i>Proposed by Cllr S Martin and Seconded by Cllr P Taylor All other members supported the resolution except Cllr L Levick who abstained.</i></p> <p><i>RESOLVED:-</i></p> <p><i>That a letter be sent to senior officers in the Calderdale Planning Department to express deep concern and disappointment that the planning conditions applied to the permissions for the weaving shed and the building at the opposite side of Hollins Mill site were not monitored for adherence. Also, that the concerns expressed by the heritage officer were not acted on.</i></p>

2021(D)097	<p><u>Item 3. Public Participation – For Decision</u></p> <p>To adjourn the meeting to allow members of the public to make representation on the business of the agenda for the meeting.</p> <p>Note: No resolutions can be under public participation</p> <p><i>Proposed by Cllr C Potter and Seconded by Cllr S Martin Unanimous</i></p> <p><i>RESOLVED:-</i></p> <p><i>That members of the public can make representation on the business of the agenda for the meeting.</i></p> <p>The chair invited members of the public to speak about the planning application for Warland Farm (item 8)</p> <p>Mr Humberstone said that unlike the previous planning approval for the creation of a dwelling, the current application does not reveal features (such as arched windows) of Mickle Barn. He said that the width of the build would be considerably more than at present, that there would be an expanse of solar cells on the roof and plastic awnings. He said that if approved, the character of the farm will be changed from that of an old Yorkshire farm to one in the USA.</p> <p>Mrs Atkinson said that her biggest concern about the planning application is the potential impact of the proposals on the health and safety of residents and visitors. She said that the road was actually classified as a track/pathway and that it is single track, is steep, winding and has blind bends. She said that an inspector had said in 2000, with a different planning application, that the road is dangerous. She reported that a few years ago when a visitor collapsed on the road the ambulance became stuck and because of this the paramedics were delayed in giving him life-saving care. Unfortunately, the visitor did not survive. On another occasion a fire engine became stuck on the road when attending a fire as it was blocked by parked cars. She also expressed concern about the removal of asbestos from the site which would need to pass the houses of residents. Mrs Atkinson also said that in the past, an additional bridge had to be built over the canal on the Rochdale side to facilitate the passage of heavy materials to a site there.</p> <p>Cllr M Taylor said that in his view, the road is wholly unsuitable for such a development and it would be unenforceable should the applicants wish to stop visitors in cars from using the road.</p> <p>Mrs Atkinson said that drains run under the road and that heavy vehicles already using the road could be causing damage.</p> <p>The chair said that a letter would be sent to Calderdale to reinforce the feedback already given on this application.</p>
2021(D)098	<p><u>Item 4. Minutes – For Decision</u></p> <p>To approve the draft minutes of the Development Committee meeting held 23 June 2021, (previously circulated)</p> <p><i>Proposed by Cllr S Martin and Seconded by Cllr L Levick Unanimous</i></p> <p><i>RESOLVED:-</i></p>

That the draft minutes of the Development Committee meeting held on the 23 June 2021 be approved as a true record of proceedings and signed by the Chair.

7e	21/00776/FUL	Calf Lee House Calf Lee Lane Walsden Todmorden Calderdale OL14 6XB		Conversion of detached building to a dwelling	Not supported on the grounds that the road access to the site is very poor and that it is already overwhelmed by the number of vehicles using it. Also, it is not clear, from the information provided, where sewage and surface water will drain to. Also, it is not clear whether a change of usage should be applied for.
7f	21/20088/TPO	Higher Wickenberry 3 - 4 Wickenberry Todmorden Calderdale OL14 8DE		Fell trees (Tree Preservation Order)	Supported providing native trees are planted instead on the site. 					<p>substantial amount of contaminated land from the nearby Sandholme Mill site to this site.</p> <p>2 Flooding – does the balancing pond flood? Will the balancing pond be separated from the proposed bungalows on that side?</p> <p>3 Concern about potential damage during the process of building, to the ancient woodland (Longfield Wood).</p> <p>4. Concern about increased traffic from the site on Key Sike Lane (exiting onto Halifax Rd). Key Sike Lane is already a dangerous area for traffic as it passes over the canal and is effectively a single lane road near Halifax Rd because of roadside parking.</p> <p>5. Concern about surface water from the site running into the canal. It is suggested that the Canal and Rivers Trust be consulted. Also, that SuDS be added to the proposals.</p> <p>6. Concern about the unstable land on the site and a full geotechnical survey be obtained.</p>

					<p>7 That road, path surfaces etc should be permeable.</p> <p>8 It was noted that the police have advised that a path should not link with the upper Badger Rd development because of the increase in burglary risk.</p> <p>9. Although not a planning consideration it is disappointing that the bungalows, that would be advantageous for the elderly/disabled, will not be marketed specifically to these groups.</p>

He was concerned about the unnecessary car emissions caused by this and the impact of this on climate change. He said that the lights were finally removed on 19 July. He had tried on several occasions to contact Calderdale to raise this issue but was unable to speak to the department responsible. It was suggested that he could have contacted Todmorden Town Council and/or the Todmorden Ward Councillors for their support in contacting the appropriate department in Calderdale MBC .</p> <p>Mr Jackson also was concerned that the standing agenda item: Footpaths and Obstructions had been removed from this agenda. The Assistant Town Clerk said that these items are now covered under item 9: The Outstanding Issues Register.</p>
