Please find below the details of the Grant application from Todmorden in Bloom for the watering, planting and Garden Competition for 2021. We have attached the latest bank statement, accounts, constitution, and child protection document and the plant quantities.

As with most over community groups we have had a difficult year which has been documented in the 2020 feedback and monitoring form. However, we did manage to continue with our work and have gained some new members and intend to continue in 2021. Watering of course is a major concern for us if we are to maintain our work to a good standard. We hope the Town Council will look favourably on our application.
