

Susan

Can you put on meeting Agenda

Budget 2021/22

"To consider Committee Budget requirements for 2021/22"

Graham/Ruth

From this meeting I need to know if there is anything additional you may be looking for.

Graham/Ruth- you need to arrive at a practical issue for spend. It is likely our budget this year will not be spent but for example would we want to support a move to cycling by funding cycle racks , or some form of cycle to work scheme for an existing company employee scheme - perhaps limited £50 contribution towards cost if a Todmorden company runs a formal cycle to work scheme - or some Tree planting - something small but physical impact.

Kind Regards

Colin
