

Item 18 – Resources Committee 4th 2020 – Covid 19 Discretionary Fund Payment

Mase under delegated powers of Town Clerk with Chair of Resources

The Todmorden Pantry is a food distribution hub based in a basement in the town centre. The dried goods and tins, which the project specialises in, have been distributed by the firm of Funeral Directors who own the basement storage.

The scheme is running successfully ,yet modestly, and would certainly be able to relieve more hardship caused by the consequences of-the Covid Virus if more funds were available for the purchase of the non-perishables which are singularly useful at this time.

The scheme operates THROUGHOUT the town.

A contribution of £300 would help the volunteers to "Put something back into the community" as they express it.

The treasurer of Incredible Edible (Professor Dawn.....) would act as formal recipient.

Tony Greenwood
Town Councillor..Cornholme.
