

Initial Email from Trustee of Walsden Cricket Club - dated 4<sup>th</sup> Feb

Hi Colin,

At Walsden CC we believe we may be eligible for a grant in terms of replacing our artificial practice wickets – our current practice wickets were laid in 2013 and are certainly now past their best. As part of the application process we need to forward a copy of our current lease which is clearly a temporary issue and I was wondering if you would be able to send me a letter, on officially headed paper, confirming that ‘in essence’ we have been granted an extension to our previous lease (20/25 years?), and the only reason for the delay in the formal confirmation of this extension has been down to difficulties in having to operate around the COVID restrictions and lockdowns during this past 11 months.

We do also require a small number of letters of support for our application and I was also wondering if Todmorden Town Council would be prepared to provide such a letter – I’m sure you know that format but if you would like me to send you a draft of the type of thing required then I could do so.

Many thanks,

Regards,

Jim.
