

TODMORDEN TOWN COUNCIL

Item 27a Vale land disposal – Full Council 11<sup>th</sup> May 2022

# TODMORDEN TOWN COUNCIL

## Report to Full Council

<b>Report Author</b>	Resources Committee
<b>Tel No</b>	079232578979
<b>Email</b>	townclerk@todmorden-tc.gov
<b>Date</b>	11 <sup>th</sup> May 2022
<b>Subject</b>	Disposal of Rear Parcel of Land - Vale Land

### PURPOSE OF REPORT

1. To inform Members that the Resources Committee gave consideration to this area of leasehold land held under Land Registry Title WYK402273 has been used without permission and currently has placed on it a chicken house and chicken run.
2. To inform Members after considering associated risk with retaining this piece of land, the Resources Committee unanimously agreed to recommend to Full Council that this piece of land be gifted free of charge to the Vale Baptist Church subject to that if any sale of such land were to take place within 10 years of transfer, a sum of £500 be paid to the Town Council.
3. That the Town Clerk be authorised to enter into such agreement with Vale Baptist Church and to appoint solicitors to progress this matter.
4. That a budget of £500 be established to meet legal costs.

### BACKGROUND

5. Investigations have revealed that an officer of the Baptist Church, in his own personal capacity, has maintained and in practice improved the appearance of this site during the period of lockdown.
6. This rear parcel of land is “land locked” and that and formal access to it is dependent upon use of the lane accessing the Baptist Church.
7. Given the steepness of the site and its potential risk from a Health and Safety point of view, it does not lend itself to general amenity use. The reality is that the entrance steps up onto this site, should be closed off and ideally the site secured.
8. Whilst on original sale to The Town Council, there will have been some value attributed to it, it is more likely there was no choice but to take it as part of the overall plot of land, with no purpose in this rear parcel of land being retained by way of separate title.

9. Action of some sort is therefore needed to either remove and restrict future use or regularise the situation.
10. Following initial contact, the Church are happy to continue maintaining and managing this rear parcel subject to transfer of land ownership by way of gift, as identified in Appendix 1 – Area B.
11. Given its land locked status, to the Town Council, this rear parcel of land may appear to have little or no residual financial value, however potentially for the Church, with access, it will have some financial value should the church be subsequently sold. It would be appropriate therefore to include some form of financial clawback limited to say ten years from disposal.
12. Historically this piece of rectangular land had apparently been owned by the Church and sold along with a few similar back stretches, when trying to mass a potential access route through to the nearby mill. This may have created a rear access way into our site, but other landowners apparently would not sell.
13. There is a stepped access up into the site, which consists of a rectangular sloping scrubby woodland area, with both rear and front stone wall. There is a gap between the two areas of land that is closed off with branches. See Appendix 2 – current photographs of Area B.
14. Since being improved by one of the Church Officers, including some rear wall rebuilding, the area is apparently used by locals, including those from the church, but this does increase risk to the Town Council as owner of this land.
15. The rear plot was a but has now been transformed by one of the Church officers who has in a personal capacity during “lockdown”, taken it upon himself to work on the site including creating a chicken house and enclosed chicken run.
16. The Geo Environmental Investigation and Risk Assessment completed in January 2011 does not reference specifically this area of the site, but it is unlikely that any building previously existed on this given the steepness of banking, and therefore no potential land contamination issues. As a precaution any proposed transfer would recommend no growing use unless thought the use of raised beds.
17. There is no right of way over the narrow drive at the side of the church to this rear parcel of land, and no contribution is made by the Town Council towards the maintenance cost of maintaining such access.

## **FINANCIAL**

18. Should Full Council agree with the Resources Committee recommendation to gift this property a budget of £500 should be established to cover anticipated legal costs.

## **RECOMMENDATION**

19. That Full Council agrees to the recommendation from Resources Committee to dispose of this rear parcel of land to the Baptist Church by way of gift subject to an onward sale clause effective for 10 years from transfer in an amount of £500 to be paid back to the Town Council.
20. That the Town Clerk be authorised to enter into such agreement with Vale Baptist Church and to appoint solicitors to progress this matter.

21. That a budget of £500 be established to meet legal costs.

**REASONS FOR RECOMMENDATION**

22. Full Council approval is required to dispose of land in its ownership

**POLICY IMPLICATIONS:**

23. None directly arising from this report

**DETAILS OF CONSULTATION:**

24. None directly arising from this report

**CLIMATE CHANGE:**

25. None directly arising from this report

**IMPACT EQUALITY ASSESSMENT**

26. None directly arising from this report

**SUPPORTING PAPERS:**

Appendix 1 – Location Map

Appendix 2 – Images of rear parcel of land

Appendix 3 – Land Registry extract WYK402273
