

SUMMARY OF INFORMATION FROM PLANNING APPLICATION

Item no	Application Number	Address	Purpose	Note
6b	21/00273/LBC	Todmorden Hall North Hall Street Todmorden Calderdale OL14 7AD	Installation of electric car charging box (Listed Building Consent)	<p>The application is to install an Other Pod point electric car charger. This is a grey and black metal and plastic charging unit measuring ~35 cm x 15cm.</p> <p>This building Grade II* Listed Todmorden Hall, first dates to 1294.</p> <p>It is proposed that the unit would be attached to the side wall leading up to the steps to the front door. Given existing foliage in place, it is suggested that the unit would not alter the aesthetics of the property from the front, nor roadside, view of the property. It is stated that every care is to be taken to reduce the visual impact of the unit from all directions. It is considered that the proposed addition of a car charging unit is sensibly positioned, and respects the aesthetics and heritage of the building, whilst future-proofing the building for ongoing residential usage.</p>
