

## Item 8 Community College

“Now that we are coming out of the lockdown I would like to emphasise the importance of the College in Todmorden and how it has so much to offer in being part of building back a better Tod after this pandemic.

I am relying on you and your fellow councillors to support the college project and to encourage Calderdale to say yes to the Asset Transfer as soon as possible as they can't access any of the imminent funding opportunities until the college is transferred to TLCCH.”

From representative of TLCCH
