

Email Exchange with Assistant Director of Strategic Infrastructure About Traffic Issues

Hi ,

1. The impact of the A646 roadworks on the movement of traffic through Todmorden. **The works at the end of Water Street are twofold a. They are replacing the existing materials with heritage yorkstone flags and setts and b. they involve the installation of a new zebra across Halifax Road. Estimated overall timescale is two weeks. Works will then begin on a new crossing point across Burnley Road, adjacent to TH and then finally (for this stage) works will move to Lidl (mid June) to replace the existing refuge with a puffin crossing. At that point comms will be revisited as the programme is reviewed. As you can see these are all measures to improve pedestrian connectivity.**
2. Measures to help with speeding on Burnley Rd (speed cameras). **These are still governed by DfT criteria which relate to numbers of personal injury accidents over a length of road. As previously advised, the CA and Districts are challenging this as part of the Vision Zero road safety initiative.**
3. Discussions with Lancashire County Council about the reduction in the speed limit around Windy Bridge. **Ongoing (not particularly helpful I know).**
4. The overgrown hedge at the Manse in Cornholme (you had referred this to Highways). **I did – will chase.**
5. The possibility of the speed limit being reduced to 20mph on Halifax Rd between Sanworth St and the Shell garage (you were forwarding this issue to the A646 team for their consideration). **Discussed it with the team. Apparently the police have queried the existing length and they would likely object to any increase.**

Hope that helps. WRT point 1 – we're going to put a lot more information on the web.

Kind Regards
Assistant Director (Strategic Infrastructure)

Subject: RE: Traffic Issues in Cornholme and Portsmouth

Hi ,

Sorry to be a nuisance but I'll be expected to give an update at the Development Committee tomorrow evening on the issues below I attach a copy of the emails I have sent about these issues previously:

1. The impact of the A646 roadworks on the movement of traffic through Todmorden
2. Measures to help with speeding on Burnley Rd (speed cameras)
3. Discussions with Lancashire County Council about the reduction in the speed limit around Windy Bridge
4. The overgrown hedge at the Manse in Cornholme (you had referred this to Highways)
5. The possibility of the speed limit being reduced to 20mph on Halifax Rd between Sanworth St and the Shell garage (you were forwarding this issue to the A646 team for their consideration)

Items 10, 13 and 21b Development Committee
Meeting 25 May 2022

The issue of the access of
buses to Cornholme School is currently being addressed with Mary Farrar.

school

Kind regards,
Susan

Subject: RE: Traffic Issues in Cornholme and Portsmouth

Hi Steven,

Our next meeting of the Development Committee is scheduled for 25 May. I'd be grateful for an update on any of the issues below, if there is one available, for that meeting please. I understand that Mary Farrar has set up a meeting with Cllr Ken White about the school bus accessibility issue.

Kind regards,
Susan
