**Item 10. A646 Corridor Improvement Programme – Todmorden Proposed Traffic Regulations**

To provide feedback to CMBC on this consultation

It was noted that the deadline for the submission of comments to the consultation was Monday 31 January 2022 – before this meeting. It had been suggested that members send their comments direct to the project lead.

There was discussion that the proposals for the railway station could reduce the amount of parking there, especially for those living with a disability. There were also comments

	<p>that the proposals for Castle Hill School would be likely to push drivers parking to further down the road which would extend the problem.</p> <p><b>Proposed by Cllr S Martin    Seconded by Cllr the Revd G Kent    Unanimous</b></p> <p><b>RESOLVED: That the Assistant Town Clerk will forward these comments to the project team.</b></p>
2022(D)020	<p><b><u>Item 11. Review of Flood Emergency Planning Arrangements – For Information</u></b> To review the plan for what would happen in a flood emergency</p> <p>It was proposed that the draft plan from January 2021 be updated and that a small subgroup of members have a one-off meeting to agree the content.</p> <p><b>Proposed by Cllr S Martin    Seconded by Cllr A Greenwood    Unanimous</b></p> <p><b>RESOLVED: That a subgroup will be set up to develop the plan. The Assistant Town Clerk will set up a meeting to facilitate this.</b></p>
2022(D)021	<p><b><u>Item 12. Imminent Proposal to Remove 78 Hectares of Trees in Portsmouth by March 2022 – For Action</u></b> To receive written update and consider action</p> <p>It was reported that the woodland had been planted as part of a CMBC initiative to alleviate the possibility of flooding on the houses below and enhance the stability of the hillside. In times of flooding (for example in 2020) additional erosive waterfalls appeared and a great deal of water cascaded down the hillside. Any substantial removal of trees could increase the risk of flooding and seriously jeopardise the safety of residents in the houses below.</p> <p>It was noted that the cycling provision in this area may be lost as a result of the proposed tree felling. Discussion centred around that the developer would need to obtain a felling license (which has not happened yet) and show that a forest management plan is in place, which would include replanting.</p> <p>It was agreed that there was insufficient information available about the proposals, for example, why is this being done and whether the trees will be replaced.</p> <p><b>Proposed by Cllr S Martin    Seconded by Cllr the Revd Graham Kent    Unanimous</b></p> <p><b>RESOLVED: That the Assistant Town Clerk should write to CMBC (copying to Cllr S Patient) expressing concern about the proposal to remove trees from this area and to state that the planting was originally a CMBC initiative to stabilise the hillside and alleviate flooding.</b></p>
2022(D)022	<p><b><u>Item 13. Planning Requirements for Building and Signage in Conservation Areas in Todmorden and Mankinholes/Lumbutts/Stoodley – For Information</u></b> To identify the planning requirements in Conservation Areas</p> <p>Concern was expressed about the number of changes being implemented to shops in the Todmorden Conservation area, seemingly without planning consent, which are detrimental to its heritage and visual appearance. These include illuminated (sometimes flashing) signage and metal roller shutters.</p> <p>The Assistant Town Clerk reported that she had reported this to Calderdale and had asked for clarification of what actions in a Conservation area require planning permission but had not received a reply yet. She had also just reported the appearance of the new Vape shop on Halifax Rd which does not seem to have planning permission and yet several flashing illuminated signs and a metal roller shutter have been installed. The</p>

	<p>majority of the row of shops which include this one are grade 2 listed and the site is in the Todmorden Conservation area.</p> <p><b>Proposed by Cllr S Martin    Seconded by Cllr P Taylor    Unanimous</b></p> <p><b>RESOLVED: That the Assistant Town ask the Town Clerk to include this issue in future meetings with senior managers at Calderdale</b></p>
2022(D)023	<p><b><u>Item 14. The Status of Traffic Issues in Cornholme – For Information</u></b> To receive a verbal/written update from Cllr A Greenwood about actions concerning traffic issues in Cornholme</p> <p>Discussion centred around the ongoing serious traffic issues on Burnley Rd in Cornholme. Several approaches had been made to CMBC with little result. Finally, a site meeting with members, ward members and senior officers at CMBC had taken place before Christmas 2021. It was understood that actions would be taken by CMBC to reduce the speed limit between Windy Bridge and Portsmouth and to consider other actions. No response has been received to date.</p> <p>There is serious concern about the number of accidents that have happened in Cornholme/Portsmouth (5) to which the police have attended but which CMBC seem unaware. As the accident statistics have a significant bearing on the implementation of speed reduction measures it is important that the feedback process between the police and CMBC is robust.</p> <p>Mention was also made of the traffic problems on Lee Bottom Rd in Stoodley.</p> <p><b>Proposed by Cllr S Martin    Seconded by Cllr A Greenwood    Unanimous</b></p> <p><b>RESOLVED: That the Assistant Town Clerk write to Steven Lee (copying to senior management) to ask him to report on this by the end of February so that this can be considered at meeting of the Development Committee on 2 March 2022.</b></p>
2022(D)024	<p><b><u>Item 15. Recycling Collection Services – For Information/Action</u></b> Written/verbal update</p> <p>It was noted that Covid19, the shortage of HGV drivers and the increased amount of recycling is causing the bin collection service schedule to be disrupted. CMBC is trying to address this with supply drivers but has advised that collections may not be made every week/fortnightly as scheduled but attempts are being made to prioritise future collections where these have been missed the week before.</p> <p><b>Proposed by Cllr S Martin    Seconded by Cllr P Taylor    Unanimous</b></p> <p><b>RESOLVED: To receive the update</b></p>
2022(D)025	<p><b><u>Item 16. The Hotel Action Group (Lever St) Ideas for Seeking Monies From the Welcome Back Fund to Improve the Area Around the Lever St Car Park</u></b> To receive a written update</p> <p>Mr S Ralph said that he would be grateful for the support of Todmorden Town Council for the ideas of the Hotel Action Group to improve the look of Todmorden in the Lever St car park and other areas of the town. He said that the group had been originally set up to oppose the idea of there being a hotel on the Lever St car park but now that issue has been resolved they have been producing ideas to improve the look of that area as well as other areas in the town.</p> <p><b>Proposed by Cllr S Martin    Seconded by Cllr A Greenwood    Unanimous</b></p>

	<p><b><i>RESOLVED: That the Development Committee support the ideas put forward by the Hotel Action Group and delegate the Town Clerk to progress the bid for funding (particularly around the provision of benches)</i></b></p>
