

## Item 11 Appendix 1C – Full Council 17th January 2024 Local Green Spaces Selection.

### 1 Context

- 1.1 The Neighbourhood Plan provides an opportunity to identify Local Green Spaces that are felt to be of significance to local communities and that should be afforded a measure of protection from future housing development.
- 1.2 Whilst these site are protected , development will be considered if:
- The land becomes surplus to requirements.
  - The loss resulting from the proposed development would be replaced by equivalent or better provision in terms of quality and quantity in a suitable location.
  - The development is for alternative sports and recreation provision, the benefits of which clearly outweigh the loss of the current or former use.

### 2. Definition of Local Green Space

- 2.1 Local Green Space is a designation contained in the National Planning Policy Framework (NPPF, July 2021, <https://www.gov.uk/government/publications/national-planning-policy-framework--2>). National planning policy for the designation and development management of Local Green Spaces is set out in paragraphs 99 to 103 of the NPPF:

99. *Existing open space, sports and recreational buildings and land, including playing fields, should not be built on unless*
- a) *an assessment has been undertaken which has clearly shown the open space, buildings or land to be surplus to requirements.*
- b) *the loss resulting from the proposed development would be replaced by equivalent or better provision in terms of quantity and quality in a suitable location; or*
- c) *the development is for alternative sports and recreational provision, the benefits of which clearly outweigh the loss of the current or former use.*
100. *Planning policies and decisions should protect and enhance public rights of way and access, including taking opportunities to provide better facilities for users, for example by adding links to existing rights of way networks including National Trails.*
101. *The designation of land as Local Green Space through local and neighbourhood plans allows communities to identify and protect green areas of particular importance to them. Designating land as Local Green Space should be consistent with the local planning of sustainable development and complement investment in sufficient homes, jobs, and other essential services. Local Green Spaces should only be designated when a plan is prepared or updated and be capable of enduring beyond the end of the plan period.*
102. *The Local Green Space designation should only be used where the green space is:*

- a) *in reasonably close proximity to the community it serves;*
- b) *demonstrably special to a local community and holds a particular local significance, for example because of its beauty, historic significance, recreational value (including as a playing field), tranquillity or richness of its wildlife; and*
- c) *local in character and is not an extensive tract of land.*

103. *Policies for managing development within a Local Green Space should be consistent with those for Green Belts.*

### **3. Selection Criteria**

- 3.1 Todmorden has a significant extent of green space but many of a copped and woodland nature.
- 3.2 Members of a working group identified over 150 sites (a long list- Appendix A ) that they felt may be suitable for such consideration and additional (Appendix B) before applying the criteria laid out in NPPF paragraph 103 above.
- 3.3 The long list was reviewed against NPPF criteria and then those remaining matched against a list of Open Spaces designated by Calderdale MBC.
- 3.4 The next stage was to exclude car parks.
- 3.5 The next stage was to review each entry as to green space provision including identifying wooded areas where of a long tract in nature, and unlikely for development.
- 3.6 The next stage was for Town Councillors were invited to contribute their local knowledge of Open Green Spaces at ward level to be included.

### **4 Assessment for inclusion**

- 4.1 Following these stages a Local Green Spaces Assessment was carried out with those identified for inclusion as well as those for exclusion. These formed the basis for consultation under Regulation 14 with subsequent additions/deletions considered arising out of consultation.
- 4.2 Calderdale MBC provided an early response as to their view for inclusion, especially those already designated as open spaces. Most comments we agreed on but some we requested to be double designated as both open space and local green space – for example Denis’s Field

### **5 Final list for Inclusion**

1. **Adelaide Street Land**
2. **Land adjacent to Roomfield Baptist Church**
3. **Patmos Garden on Burnley Road**
4. **St Mary’s Church Yard**
5. **Brown Birks Street Land**
6. **Coal Clough Road (Pitts Estate) Allotments**
7. **Land adjacent to Vale Baptist Church**
8. **Centre Vale Parkland**
9. **Denis’ Field, off Woodhouse Road**
10. **Land between Stoney Royd Lane and Owlers Walk**
11. **Land at Longfield Road and Longfield Grove**

## Appendix A Original long list identified by working group to consider

Location	Demonstrably special
Denis' Field, off Woodhouse Rd	Very well used amenity area with mature trees, contributes to the green corridor running up the valley. Import green space in built up area. Planning Inspector agreed removal from Local plan Site Allocation
Canal near Belholme Walsden	
Hollins Meadow off Stansfield Rd	Biodiverse wildflower meadow, provides green backdrop to Todmorden.
Oldroyd off Woodhouse Rd	Important gateway site to Todmorden in landscape terms, providing a visually prominent landscape setting for the eastern side of the town. Important meadow areas, particularly for amphibians. Important part of green infrastructure linking canal and areas of woodland and meadow higher up the valley sides.
Stoney Royd off Burnley Rd	Important wet meadow with large number of orchids. Important mature trees. Green infrastructure and corridor running up valley. Amenity space.
The Balty (behind the Health Centre)	Mixed woodland important for local amenity, and public footpath, provides important green backdrop to town centre and green infrastructure.
Walsden Marsh	Walsden Marsh, between canal and next to Riggs: important wet woodland and marsh marigold, known habitat for endangered water voles. Very visible from canal so of amenity value. NFM feature.
Henshaw Rd/Woods	Area important to wildlife, provides an important green backdrop to Walsden, part of the green corridor running down the valley.
Causeway Wood and Lumbutts Dam	Biodiverse woodland and wetland, important clough woodland connecting valley bottom and upland areas, of local amenity importance.
Tipside, behind the market to Hallroyd Crescent (near Sackville St)	Managed by TRIG (Todmorden Riverside Improvement Group) for 20 years for people and wildlife. Biodiverse with several species unique to Calderdale. Important public thoroughfare, green infrastructure and green backdrop to Todmorden town centre.

St Mary's Church Yard	Is the principal green space in the centre of Todmorden and is a focus for views when approaching the Town Centre along Halifax Rd. Has a variety of mature trees and shrubs in the church grounds providing a colourful oasis. This is in the Conversation Area.
Fielden Square	This was landscaped and planted in the late 1990's.
Fielden Wharf on the canal and linked to Rochdale Rd.	Completed in 2007. This provides a better link to the canal and opens up views along Rochdale Canal. This is in the Conversation Area.
Wooded railway embankment and wooded areas to the rear of the Old Hall and the Telephone Exchange	Provides part of the green backdrop to the conservation area and adds to its biodiversity value. This is in the conservation area.
Garden area in front of the Old Hall	This is important as it forms the setting for the Old Hall as it is a listed building. This is in the conservation area.
Land adjacent to Roomfield Baptist Church	Pleasant open space with some trees. This is in conservation area
Cricket Ground on Burnley Rd	
Graveyard to Christ Church on Burnley Rd	
Centre Vale Park on Burnley Rd

## Appendix D – CMBC Response to Consultation List

GS001 Adelaide Street	Acceptable proposal
GS002 St Josephs Primary School	The proposed area is too built up to be an appropriate Local Green Space. Large areas are hard surfaced or contain buildings with no public access. Recommend either redrawing only to include the gardens to St Joseph’s Church or deleting the LGS.
GS003 Roomfield Baptist Church	Acceptable proposal
GS004 Patmos Gardens	Acceptable proposal
GS005 Rose Street	This land is designated as a Regeneration Action Area ( <b>RAA02</b> ) by Policy SD7 of the Local Plan. Please see attached pages of the LP. Strongly recommend deletion of the LGS.
GS006 St Marys Churchyard	Acceptable proposal
GS007 Brown Birks Street	Acceptable proposal
GS008 Coal Clough Road Allotments	This land is designated in the Local Plan as Area Around Todmorden, which is equivalent to Green Belt in its level of protection. Per Planning Practice Guidance (Reference ID: 37-010-20140306), consideration should be given to whether any additional local benefit would be gained by designation as Local Green Space.
GS009 Vale Baptist Church	Acceptable proposal
GS010 Tod Unitarian Church	This land is designated by Policy GN6 of the Local Plan as Open Space. Where sites are already protected consideration should be given to whether any additional benefit would be gained by designation as Local Green Space.
GS011 Centre Vale Park	Acceptable proposal
GS012 Todmorden Cricket Ground	This land is designated by Policy GN6 of the Local Plan as Open Space. Where sites are already protected consideration should be given to whether any additional benefit would be gained by designation as Local Green Space.

GS013 Denis Field	This land is designated by Policy GN6 of the Local Plan as Open Space. Where sites are already protected consideration should be given to whether any additional benefit would be gained by designation as Local Green Space. Per NPPF para 102(b), if the site is considered to hold a particular local significance, including
	recreational value, it may be worthy of a double designation.

GS014 Graveyard to Christ Church	This land is designated by Policy GN6 of the Local Plan as Open Space. Where sites are already protected consideration should be given to whether any additional benefit would be gained by designation as Local Green Space.
GS015 Meadow Bottom	This land is designated by Policy GN6 of the Local Plan as Open Space. Where sites are already protected consideration should be given to whether any additional benefit would be gained by designation as Local Green Space.
GS016 Stoney Royd Lane	This land is designated by Policy GN6 of the Local Plan as Open Space. Where sites are already protected consideration should be given to whether any additional benefit would be gained by designation as Local Green Space.
GS017 Scott Street Recreation Ground	This land is designated by Policy GN6 of the Local Plan as Open Space. Where sites are already protected consideration should be given to whether any additional benefit would be gained by designation as Local Green Space.
GS018 Walsden Cricket Club	This land is designated by Policy GN6 of the Local Plan as Open Space. Where sites are already protected consideration should be given to whether any additional benefit would be gained by designation as Local Green Space.
GS019 St Peters Churchyard Cemetery	This land is designated by Policy GN6 of the Local Plan as Open Space. Where sites are already protected consideration should be given to whether any additional benefit would be gained by designation as Local Green Space.
