The grant from Todmorden Town Council covered part of the cost of developing a website, logo and publicity material for the newly formed Todmorden Community Energy Group.

The website and publicity materials are already raising awareness of the group within the community, helping to drive increased membership & volunteers and helping us to achieve our stated goals more quickly than would otherwise be the case. It will provide a vital long-term resource for updating the community on our activities, communicating our successes and encouraging the wider community to get involved in our work.

Ultimately, the Community Energy projects brought forward by TCE will benefit all members of the community in Todmorden through lower energy costs, reduced air pollution, and improved energy security for the local area and the wider UK.

<p><b>How have you promoted the assistance of the Town Council in your project literature/Web Site and or Social Media? Please provide supporting evidence and where able to analytics of visits to site, opportunities to see.</b></p>
<p>Todmorden Town Council is named as one of our partners and its logo is displayed in a prominent position on the home page of the TCE website.</p> <p><a href="https://todmordencommunityenergy.co.uk/">https://todmordencommunityenergy.co.uk/</a></p> <p>TCE recently jointly organised the Todmorden Tomorrow Festival in conjunction with Todmorden Town Council and Todmorden Learning College. Our literature produced for the event made clear the valuable contribution that the town council has made towards our establishment in providing this grant funding.</p>

<p><b>What lasting benefit do you think the Town Council Grant has made to your organisation?</b></p>
<p>This grant contributed to TCE establishing an online presence and publicity material which has and will continue to drive awareness of our organisation and the benefits it can bring to the community.</p>

<p><b>If you have received grants from the Town Council before, please advise how you intend to be more self-sustainable and reduce your reliance on Town Council funding for the future.</b></p>
<p>N/A – we have not received funding in the past.</p>

<p><b>If your project had any impact on Climate Emergency what were these and how were they minimised ?</b></p>
<p>The TCE website and associated publicity material has raised awareness of our organisation and will help to attract more members and volunteers in the medium term. This will help TCE to bring forward community led renewable energy projects more quickly, ensuring a quicker transition to net zero for the town than would otherwise be possible. These aims align with the Climate Emergency declared by Todmorden Town Council.</p>
