The Todmorden Town Council logo was on the posters and fliers which were distributed around Todmorden and within the primary schools; the publicity with logo was also shown on social media and our website; the Town Council was included in a thank you speech on the day.

What lasting benefit do you think the Town Council Grant has made to your organisation?

The lasting benefit will be in the many good memories and associations made between people and with the park – some of the volunteers involved were recent additions to the Friends membership and stepped up to be involved, and one has since been nominated to join our committee at the AGM in July.

If you have received grants from the Town Council before, please advise how you intend to be more self-sustainable and reduce your reliance on Town Council funding for the future.

Grants applied for are for one-off events rather than sustaining the organisation.

If your project had any impact on Climate Emergency what were these and how were they minimised ?

We recycled the waste generated on the day, and we had Cargodale bikes on hand if anyone needed plants too big to carry be transported home.
