Item 8 – 4th November Development Committee

Network Rail Correspondence

Good afternoon

Todmorden Town Council's Development Committee kindly ask for an update regarding the Access for All Project at Todmorden Train Station.
In previous correspondence, things were still in the design phase. Has there been any development?

Members of the Committee also raised the topic of the public engagement sessions, which were proposed at a meeting between Network Rail and MP for the Calder Valley Josh Fenton-Glynn. They enquired if / when these would be taking place as it was originally suggested they would be held over the Summer.

I look forward to hearing back from you.

Kind regards
Jess Norcliffe

Administration & Development Officer

Good Morning,

Thanks for your query. The project is currently in it's design phase, with surveys being undertaken to support these.

We are planning public engagement sessions later this year as agreed. We will make sure these are well advertised when we have a date confirmed for this.

I hope this helps.

Kindest Regards,
Community Relations
